

Osnago (Lecco)  
Italy  
December 16th 2009

Dear Client,

We are proud to announce the opening of our first branch office in the United States in Fort Collins, Colorado. This is a reflection of our group's long-term goal to become a global brand with a strong presence in key international markets.

Concurrently, Mr. Pier F. Parisi has been appointed to the role of VP of Sales & marketing, USA. In this role, Mr. Parisi will oversee the expansion of the Group's presence in the country. Mr. Parisi's experience spans 18 years in the Energy, O&G, and Industrial sectors. This expansion of our presence in the US market will reinforce our commitment to quality and on time delivery, while enabling us to build a stronger link and closer relationship to our customers. The establishment of our new USA office will not change our customer support structure in the short term. You will continue to receive excellent customer service from our Italian office, with the addition of a new supporting office closer to your time zone. As time progresses, we plan on adding more resources to better serve your future needs directly in the USA. Please make sure to contact Mr. Parisi with any questions or comments at (970) 215 9746 or via e-mail at [pier.parisi@fomasgroup-usa.com](mailto:pier.parisi@fomasgroup-usa.com).

Sincerely

Jacopo Guzzoni  
FOMAS Group CEO

BRANDS IN THE FORGING INDUSTRY

---

**About FOMAS Group**

FOMAS Group manufactures forged products and rolled rings, in steel and non-ferrous alloys, destined mostly for Power Generation, Oil & Gas, Industrial Bearings and Transmission markets.

Located in Italy, France, India and China, FOMAS Group is truly a world leader in open die forgings and ring rolling technology. FOMAS Group is organized in two main divisions: Open Die Forgings Division (FOMAS – Bay Forge) & Rings Division (ASFO – ODV for Large Rings & Hot Roll – La Foulurie – FOMAS Dalian for Small Rings) and employs more than 1400 people worldwide.
